### Technical Details

**Appearance**  
Liquid

**Odor**  
Characteristic

**Color**  
Fluorescent green

**Viscosity**  
Max. 3000 cps

**Density**  
1,1 g/cm<sup>3</sup> (25 °C/77 °F)

**pH**  
4,5 – 5,5

**Boiling Point**  
>100°C (212°F)

**Solubility**  
Soluble with water

**Explosion Hazard**  
It is not explosive

**Packaging Information**  
EP Flu Green is packed in 1/5/10/20/30 kg blue polyethylene cans

### Important

The technical application and information that have been given above, are designed only as using instructions. Should not be considered as a warranty for any other use. When any help or assistance is required, our technical department is ready for help. Printing performance and the quality may change with different company and application conditions. So please begin your printings serial process after completing your own trial tests.

In case of emergency, Safety Data Sheet of this product should be ready for help at the working area. The warnings are given on safety data sheet of this product is for use outside the manufacturer/ distributor to direct/indirect can not be held responsible for any loss or damage.
